English Village.

English Village, Feb. 19th, 1896.—Our Mayor, despite the officious aid of an agent who has rendered a good beddication, is dived every day by the wood hawks.
Our tame post broke away from the Valley last Tuesday, and was safely brought back from the prairie. Hal, what's your lay?
Our Indian ran foul of a hungry, old fox and great was the snarling.
Several of our boys have given up smoking during Lent. Now boys, follow up this good resolution by abstaining from swearing for the same period. Wm. Lowe.

CURLING.

The Home Curlers are Becoming Proficient at the Roarin' Game.

The interest in curling is unabated. Some even wonder how they ever managed to put in previous winters without this interesting pastime. It does one good to see men take such a deep interest in a game. "Work while you work, and play while you play," is an old motto and a good one. It has been noticed by the editor of this paper that the business men of the town pay unusually close attention to business, in fact they seem to work harder than the same class of men in most other towns. It is often noticed that the best business men make the best sports and vice versa. Thus having shown good business qualities there is little wonder that our men should also show marked ability at baseball, curling, or—hockey (!) The following is the result of the week's play at the curling rink:

HOTEL COMPETITION.

Ferguson	McVannell
Lang	Hitchcock
Bunnell	Rollo
Holt, skip	Kern, skip

SKIP COMPETITION.

Milestone	Gass
Bunnell	Baker
McDonald	Ferguson
Hitchcock, skip	Gordon, skip

MARRIED VS. SINGLE.

Bellamy	Turnbull
Green	Field
Simpson	Whitmore
Rollo, skip	Lang, skip

In the Hotel Competition and also in the Skip competition a sack of flour was paid for by the losing rink which flour was given to the poor.

Hockey at Regina.

A representative of THE TIMES witnessed an interesting and hotly contested match of hockey at Regina, on Wednesday night, in which the scrubs, or second seven, won the honors from the senior team. It was a fine game of hockey with no rough play. After the match was over there were several races, including an interesting couple race in which Miss McIntyre and Major Grover took first prize. The ice was in perfect shape. Messrs. Williamson also take great pains to insure the comfort of their patrons.

His Worship Returns.

Mayor Bogue has withdrawn his resignation and matters are again running smoothly within the Council Chamber. His Worship was the recipient of a petition signed by 58 of the principal ratepayers, asking him to reconsider the step he had taken, and praying him, if he could see his way clear, to remain in the civic chair. Believing that an election at this time would be prejudicial to the best interests of the town and as matters in dispute have been amicably arranged, he has felt it his duty to take the latter step.

Dominion Championship.

The Victorians of Winnipeg, wrestled the championship from the Montreal Victorias by a score of two goals to nothing, in a match in Montreal on the 14th inst. During the first few minutes play the puck hovered about the Winnipeg posts, but at the end of 10 minutes Armistage scored for Winnipeg and at the end of another six minutes Campbell again scored for Winnipeg. No more goals were scored for either side. Bain, of Winnipeg, was ruled off for off-side work. Wallace, of Montreal, was hurt, and a new man substituted. It is said the Winnipeg victory was due entirely to their strong defence. The Montrealers played wonderful hockey, but the Winnipeggers were unconquerable.

Indian Affairs.

According to the report of the department of Indian affairs, there are \$102,265 Indians in the Dominion. The excellent progress which the Indians of Manitoba, the Territories and British Columbia are making in agricultural and mechanical pursuits and civilization generally is noted. The individual earnings of the Indians have, throughout the Dominion, as compared with last year, increased by \$96,633, having aggregated \$1,602,005 as against the preceding year's aggregate, \$1,335,372. In the Northwest Territories the gain upon the former year was \$23,361, the aggregate amount earned being \$120,750. The total expenditure of the department for the year 1895 is returned at \$1,290,760.

TOWN COUNCIL.

A Movement Toward the Re-Organization of the Fire Brigade.

The adjourned meeting of the Town Council was held on Wednesday night in the council chamber. Present: Mayor Bogue and Councillors Hannah, Wellington, Grayson and Wilson. Minutes of last meeting read and adopted.

Communications and accounts were read as follows: Mrs. M. H. Herchmer re an annual subscription from the town in aid of Regina cottage hospital; H. W. Heubach re immigration convention; Seymour Green requesting to be appointed police magistrate; application from school board for \$1,000 for school purposes; Maria Latham re extension of taxes; R. Bogue stating that as a large number of ratepayers had expressed a desire, by petition, to have him withdraw his resignation, he had decided to do so.

REPORTS OF COMMITTEES.

The Finance Committee reported that they had examined the accounts of Jno. Brass, E. G. Woodward, and H. J. Stuart and recommended payment of the accounts of E. G. Woodward and H. J. Stuart. That of Jno. Brass dates back to Sept. 4, 1894, and they asked that the account be referred back to Mr. Brass for further explanation and proof of its existence. Also that they had examined the Treasurer's report and found that balance carried forward compared with balance stated in report of December last. The committee also expressed regret that the returns made by the Collector are not as large as should be considering amount still uncollected and would recommend that vigorous action be adopted by the Council for collection of same.

The Fire, Water and Light Committee recommended that the Clerk be instructed to write for quotations for hose and couplings for engine and also re firemen's caps, and that the Clerk be instructed to ask the Chief and members of the fire brigade to attend next committee meeting of Fire, Water and Light.

It was moved, seconded and carried that all communications and reports of committees be received, and on motion reports of the committees were adopted. Moved by Hannah, seconded by Wellington, That an order be drawn on Treasurer in favor of the School Board for \$1,000, as requested. Carried.

On motion the communication of Seymour Green was left over till next meeting.

Moved by Hannah, seconded by Wilson, That the requests for the extension of time for payment of taxes be not granted. Carried.

It was moved and seconded that the Clerk be instructed to notify Mrs. M. H. Herchmer that the funds at the disposal of the Council would not warrant any grant being made to the Regina Hospital fund at the present time. Carried.

The Clerk was instructed to reply to Mr. F. W. Heubach's letter stating that the Council considers it an inopportune time to encourage emigration. The Treasurer was notified to purchase dog tags.

It was moved and seconded that the Salvation Army be allowed to discontinue their tenancy of the town hall at the end of the present month, by paying the rent due at that date. Carried.

The time for the return of the collector's roll was further extended to March 1st.

Council adjourned.

Hockey Tournament.

A grand hockey tournament is to be held in Moose Jaw on or about the 4th of March. It is expected there will be present teams representing Medicine Hat, Regina, Indian Head, and Maple Creek, as well as our own Moose Jaw stand-by. Arrangements are being made for a dance and other means of entertainment.

The Increased Usefulness of Photography.

A woman patient at Grace hospital, Toronto, whose foot was submitted to cathode rays, in search of a hidden needle, was successfully operated on Feb. 15th. First, the photographers showed the interior structure of the foot, but no trace of any foreign substance. Mr. Wright, of the University, made another photograph, and pointed out to the hospital surgeons exactly where the needle was located. The surgeons operated at the point indicated, and found Mr. Wright and his photograph were right.

HAT VS. JAW.

The Moose Jaw Hockey Team are Beaten. But They Enjoy a Good Time.

On Monday evening last, at Medicine Hat, the Moose Jaw and Medicine Hat hockey teams played their first match. The ice was very soft and slushy, but as the Moose Jaw boys could not remain over for another day, it was decided to play. The Hat team proved superior to their opponents from the commencement of the game, and finished with a score of 10 goals to 0.

Mr. Nelson, of Moose Jaw, refereed the game to the satisfaction of all.

Following are the players:

MOOSE JAW.	goal	MEDICINE HAT.
J. A. Creagh	point	O'Hara
C. Smith	cover point	Bassett
Geo. Byles	forwards	McGibbon
E. Baxter		Hardy
H. E. Doran		Perrit
R. Armstrong		McClay
W. Simington		Chudleigh

THE TIMES interviewed Mr. Nelson, the referee, on his return from the Hat last night. Asked as to his reasons for the defeat of his team from the Jaw he said: The main reason was the almost impregnable defence maintained principally by McGibbon of the Hat team and who is an old timer at the game from the east. Again the marvellous forward play of Hardy, who was on the Portage la Prairie team that beat Winnipeg two years ago, took the Moose Jaw defence by storm. Asked as to whether he thought our team will have any chance of winning when the Hat boys come to Moose Jaw Mr. Nelson said: Yes, I think our chances are extremely good, for two of our best players were unable to go to the Hat and this will make a very appreciable difference in our favor. "Was there any rough play and how were your team provided for?" asked the scribe. The match was most friendly and gentlemanly throughout and our team were used magnificently.

McDonald-Grassick.

On Thursday afternoon, at Regina, Mr. Leslie McDonald, of the Massey Harris Co., Moose Jaw, was married to Miss Lizzie Grassick, second daughter of Mr. Geo. Grassick, of Regina. Miss Grassick was one of Regina's popular young ladies, and though her loss will be deplored by a majority of the people of Regina, yet her coming to Moose Jaw as Mrs. McDonald will be pleasing news. Verily Moose Jaw steals a march on Regina sometimes.

Wheat Goes Down.

The price of wheat in the country was reduced two cents on Tuesday. The millers had formerly advanced No. 1 hard to fifty cents with a view to encourage the farmers to sell, as the supply was not meeting the demand. The merchants, however, did not see the raise, as they could not afford to pay more than 47 cents. The decline at Chicago soon brought the millers to realize that they were paying a greater price than they could afford and consequently on Saturday last a general reduction of two cents was decided upon, and it went into effect on the 18th. The millers are getting all the wheat that is coming in as the dealers are not anxious to handle it over 47 cents a bushel. The millers pay 48 cents for No. 1 hard.

A Militia Corps.

Mr. Nelson, through Mr. Davin, our representative in the Commons, has been informed by the Minister of Militia and Defence, that he is favorably considering the question of establishing a volunteer rifle corps here, and also a cavalry troop in the district of Alberta.

Before another year is over we may see our streets assume a truly martial appearance. The addition of a military band will be hailed by every resident as a needed attraction in a town so far distant from the great events of civilization where good band music is heard. It is the duty of every young man, irrespective of the physical benefits derived, to fit himself for the defence of his country. Fifty thousand young Canadians are now bearing arms, and the boys of Moose Jaw should, if an opportunity is soon afforded them, assume their share of citizenship.

It was Geo. Washington who said, "If we desire to preserve peace we should at all times be prepared for war," and another great writer, "Peace is so desirable that it is often necessary to resort to war in order to maintain it." One of our greatest statesmen, Sir Geo. E. Cartier, wisely said, "The bulwark of Canada's defence must be her citizen soldiers."

Boys, be ready to assume the full duties of citizenship, so that when "the blast of war blows in your ears" you may be ready and steady.

THE REMEDIAL BILL.

The Manitoba school question has now been pronounced upon by most of the sources which have a right to be heard on the subject. The "aggrieved party," as the minority effects to style itself, has been heard often enough and loud enough, in all conscience. The Manitoba Government, the Manitoba Parliament and the Manitoba people have spoken and with no uncertain sound. At last the Dominion Government has had its say, and there remains now but the decision of the Canadian parliament and the voice of the Canadian people. The consideration of what the people may say and ought to say may be safely left over until nearer the time when an appeal must be made to them. The question of the hour is what the parliament of Canada will say and ought to say to the reply to the parliament of Manitoba that is now on the table of the Dominion House of Commons awaiting discussion. The Remedial Bill ought to be rejected on the second reading, and for this reason: If the Bill becomes law it will not settle the question, but will only make confusion worse confounded. Instead of healing the breach it will only widen it, because the measure not only proposes to restore separate schools to Manitoba but to re-establish them with a more complicated machinery than there was when such schools existed in days gone by. Even the Catholics are not unanimous in their approval of the measure. Indeed some of their organs are violently opposed to it; not because it does not give them enough, but because it gives them more than they asked for; while the utter confusion that must follow the enactment of the Bill into a statute is evident from the actions of the Mennonites of Manitoba who are already beginning to clamor for Mennonite schools, on the ground that if the Catholics can have separate schools, the Mennonites also are equally entitled to have them.

The Dominion government claims for the measure, first that it does not establish separate schools, and secondly that they are bound to pass a Remedial Bill. Both assertions are the off spring of delusion. They were not bound to pass such a bill, because the decision of the Privy Council was a recommendation and not a command, and seeing how strongly Manitoba had asserted her desires and determination parliament might have allowed the recommendation respectfully to rest in peace. As to the re-establishment of separate schools it is almost an insult to any one who can read the Bill to seriously set forth the statement that the measure does not re-establish them. For three reasons, then, the Dominion House of Commons ought to reject the measure. But will this be done? We fear not. The majority at Ottawa is a subservient majority; and as a flock of sheep will follow their tapers, so the supporters of the Government will follow their Tuppurs, perhaps without ever a b.a. When, however, the Bill is passed, what then? Why nothing. Certainly not the deluge, as the Toronto World seems to think, government organ though it be. It is far too soon

for our Toronto contemporary to sound an alarm about civil war and that sort of thing. The Canadian people are not built that way. The people of the prairie think more of sowing and reaping, harvesting and selling the produce, than of putting guns upon their shoulders and bayonets by their sides. If we understand the temper of the Manitobans rightly it is that they will consider the new law more honored in the breach than in the observance. In other words that the statute will become a mere dead letter. Such legislation, however, cannot fail to create bitter feelings, to arouse angry passions and to disturb friendly relations. How then is a measure that cannot but fail in its object, that cannot possibly do any good, that is certain to do much harm, and whose only practical result will be the inducing of litigation to such an extent that lawyers, and lawyers only, will have cause to be thankful for its existence.

THE PATRONS.

If there is one thing more than another for which the Patrons of Industry deserve credit it is in the moderation of their demands. This is all the more creditable because somewhat similar organizations in the United States and even in Great Britain are prone to schemes of the wild-cat species. Perhaps persons may not agree with every one of the planks of the Patron platform, but no one can deny that they are all proper subjects for discussion, are indeed all within the range of practical politics. It is this that has given the Patrons strength, for no one will deny that now they are a power to be reckoned with.

At the election of 1891 they were too weak to have an appreciable effect, but since then the movement has grown, and can now insist upon being heard everywhere, and in not a few places of being obeyed as well as heard.

In no respect have the Patrons shown their moderation more than in their demand for tariff reform, instead of indulging in some high falutin financial scheme or other that would have been certain to ruin their hopes as a political power. There is nothing fanatical in tariff reform. It is the cry of the Liberal party as well as the Patrons, and it is the chief question that has to be settled as soon as the Remedial Bill is out of the way. At the present time the farmer finds that he has more to pay for everything he buys than he ought to pay; and what makes matters worse he finds that he has less to pay with than he ought to have. This is the result of "undue protection of native industries," in which he has no interest and from which he realizes no advantage. What wonder then that he should look in hope to the Patrons for a remedy; and the Patrons are to be congratulated that they have not gone beyond a policy that, modest as it is, is yet enough. What the Patrons hope to do is to create a policy that will enable the farmer to buy more of what he wants at a less price than he now pays, and to sell more of his produce at a higher price than he now receives. The Liberals pretend to have much the same sort of policy, and although there are features in the Patron platform that preclude him from voting and working with the Liberals, except in exceptional circumstances, yet there seems nothing to prevent Liberals from voting for Patrons in any case and under all circumstances.

DAVIN IN THE CABINET.

The Ottawa correspondent of the Winnipeg Free Press says that perhaps Mr. Davin may become a Cabinet Minister. Not, intimates the scribe, that the Cabinet wants to see Mr. Davin there, but that Mr. Davin wants to see himself there. Perhaps there is no harm, even if there be no good, in divination of that kind, but the Free Press correspondent goes further than this. He intimates that Mr. Davin is trying to accomplish his object by a sort of double shuffle. In other words that he makes a pretence of parliamentary activity to delude his constituency, but always contrives that the activity shall not embarrass the Government. On receiving a hint or "wink from the Government," as an hon. member described it, that he has gone far enough. As political morality goes, it may not be a very

: R. BOGUE :

serious sin on the part of Mr. Davin to run with the hare and hunt with the hounds; but the Ottawa correspondent goes even further than this. He intimates that Mr. Davin is disguising his opinions, or veiling them, so that he can consistently go which way he likes when once seated with a portfolio. This is where Mr. Davin ought to kick. We may stand Mr. Davin's finessing; we may believe that he does show a somewhat "bluffing" activity not that an election is coming. Nay, there are those who think that he is capable of speaking one way and voting another, but what of that! Men almost as great as Mr. Davin have done that sort of thing. Bright and Cobden did so on the question of the Danish war. Indeed there are often cases where a man's heart goes into one lobby and his head into another. All these things may perhaps be tolerated, if not forgiven; but to say that the Member for West Assiniboia will hold back not only his words, his actions, his conduct, but will hide, or veil, or even smother his most cherished convictions, principles, beliefs and sentiments for the sake of crawling into the Cabinet, is to charge him with downright dishonesty.

Mr. Davin's motion for the alienation of the government lands in Moose Jaw was lost by a large majority, only four or five voting for the proposal. It would be interesting to know if this was one of those matters specially arranged to give Mr. Davin election pabulum, but in which there was no sincerity on either side. Mr. Davin can now say "he forced the question to a division." But is there much in that, after all!

Mr. Foster, the Minister of Finance, took great credit to himself in his budget speech in that he had 378 articles on the free list. It does not seem to occur to the Hon. Minister that if he put twice 378 articles on the free list, he would deserve double the credit. The more the merrier, therefore go ahead Mr. Foster! But then in that case what will become of the National Policy!

As we predicted would be the case, Mr. Macdowell's well-intentioned Bill to settle the Manitoba School Question has been ruled ultra vires by the highest authorities at Ottawa. The object of the bill, it will be remembered was to set aside one day in the week for religious instruction of a nature such as the parents of the children would approve; and the ground for quashing the Bill is that it is for the province to regulate its own system of education without the interference of the Dominion Parliament.

A most peculiar thing happened on the 13th of February, when the great falls of Niagara practically ran dry. The river dropped until, it is claimed, that not more than four inches of water was passing over the brink of the American falls, and one could walk out on the bar at the horseshoe for fully 100 feet into the river. The falls between Luna island and Goat island went dry. The cause was due to a severe west wind which drove the ice down Lake Erie to the head of the river, an east wind set in and piled the ice up, blocking the river and forcing the waters up the lake.

The Finance Minister says the Canadian people lack enterprise. There is some truth in this. No other country would expect the government to become cattle exporters and wheat salesmen as the present government proposes to become; and some how or other one does not like to see so many gold mines of British Columbia, and the coal mines down east passing into the hands of Americans. Nay, look into the streets and see how many Australian fur coats are moving about with so many Canadian farmers inside of them. To send fur coats to Canada seems very much like carrying coal to Newcastle; but some how it is done and to the profit of Australians and the cost of us Canadians.

One Way of Settling the Dispute.

At a meeting of the Directors of the "American Humane Education Society," held a few days ago, the following resolutions presented by President Angell were unanimously passed:

Resolved: That we most respectfully submit to the President of the United States, and all members of our National Congress, whether it would not be well for our Government to ask in a kind and most friendly manner the Government of Great Britain to appoint a commission similar to our own, to consider the Venezuelan difficulty, and to appoint upon that commission (if there be no serious objection) the Hon. William E. Gladstone as one of the commissioners—that the two commissions hold their sessions in Paris—that each commission submit to the other all evidence which comes before it—that if the two commissions shall then fail to agree, each shall choose an arbitrator, and they two a third, and that the Board of Arbitration so chosen shall decide and report to each Government what in their judgment, may seem to be the duty of each nation in regard to the matter in dispute.

Resolved: That our President be requested to send copies of this resolution to the President of the United States and each member of our national Congress.

Rules of the Road.

Farming says "it is the custom in this country long established that vehicles meeting on any street or highway turn to the right. Some suppose this is but a matter of custom, but, as a matter of fact, it is a statute law. The Ontario statute says: 'In case a person travelling or being upon a highway in charge of a vehicle drawn by one or more horses or one or more other animals, meets another vehicle drawn as aforesaid, he shall turn out to the right from the centre of the road, allowing the vehicle so met half of the road.' Another section provides that if one be travelling faster than another, the one overtaken shall likewise turn to the right side of the road, the passer in this case being required to turn out to the left to pass the leading team, which has the right of the road. Provision is also made for very heavy loads, unable to turn out. The driver is to stop and assist, if requested, the other to pass. Drivers of sleighs, etc., must carry at least two bells attached to the harness. These rules of the road should be rigidly observed. The public safety demands that this should be the case. These rules should be known to all, foot-passengers, cyclists, riders and drivers, and a good natured observance of this law by all concerned will insure the safety of the public.

"D. & L." MENTHOL PLASTER

I have purchased Menthol Plaster for a number of years and can say that it is the best of its kind. It is made in Canada and is of the highest quality. LOCAL AND GENERAL NEWS.

Mr. Harry Bate returned from the east on Saturday.

Mr. J. C. Norquay, of the dining hall, paid the capital visit this week.

Love, McAllister & Co. have started a wholesale stationers business in Winnipeg.

Mr. J. N. McDonald, of the Calgary Tribune, gave THE TIMES a fraternal call on the 14th inst.

Dr. Siz, dentist, will be in Moose Jaw for the practice of his profession Feb'y 28 and 29. See advt.

Mr. Hunt, of the dispatcher's office, has gone to Winnipeg on a visit. After his return he will be transferred to Estevan.

In the Montreal City council it has been decided to add to the voter's lists the names of married women owning property in the city.

Mr. Maurice has decided to remain in town for a time, and therefore would be pleased to get a few more pupils for instruction on the piano or in voice culture.

Preparations are being made for an entertainment, which will be held in the town hall, on Thursday, March 12, under the auspices of the Presbyterian Sunday School.

Mr. and Mrs. Geo. Hysop and family returned home on Sunday morning from attending the funeral of Mr. Hysop's brother, which took place at Killarney last week.

Mr. Jonathan Fingland had the misfortune to have his thumb and two of his fingers severely crushed while coupling an engine to a tender in the C. P. R. yard last week.

Mr. J. W. Smith's rink was again successful in carrying off the Galt Trophy at the bonspiel in Winnipeg. This makes the third time for the trophy to go to Regina.

Mrs. Cruickshank, who has been staying in town for some weeks, has returned to her home at Rush Lake. Mrs. Cruickshank is a daughter of Mr. Wm. Grant, of Regina.

C. A. Thompson, of Moosomin, was sentenced to 14 and 3 years on two charges of perjury in connection with the Thompson murder case. The sentences are to run concurrently.

R. B. Ferguson's furniture store at Regina and stock were destroyed by fire on the night of 13th inst. The fire was caused by an overheated stove. His loss will be about \$15,000.

Moose Jaw is practically without fire protection, for although the town has good appliances and a good engine yet it has no brigade to use them. This is indeed a bad state of affairs.

Mr. Cornyn, advance agent of the Fraser Dramatic Co., was in town on Monday, arranging for a three nights' engagement for his company, who will open in "Esmeralda" on March 2nd.

The Montreal and Toronto boards of trade talk of formally protesting against the alleged intention of the Government to abolish eastern representation on the Manitoba Grain Standards' board.

The Rev. H. A. Marcon was a passenger on Sunday evening's train from the east. He assisted in St. John's church at Evensong, and kindly consented to stay for the Ash Wednesday services.

There was a traveller in town on Wednesday soliciting orders for clothing, made to order. The ever alert inspector, Mr. Battell, got after him and made him pay the transient traders' license fee of \$8.00. Why should orders be sent out of town for clothing when there are two good tailoring establishments in town?

Present indications seem to point to the death of fire fighting. About a year ago great preparations were made for a fictitious encounter between Corbett and Fitzsimmons, but the managers were unable to pull it off. Now all arrangements are made, and the principals ready, for three championship fights, but the parties concerned are afraid to pull them off for fear of being locked up.

On Ash Wednesday, the first day of Lent, the season of self-denial began. The name is derived from the practice of sprinkling ashes on the heads of those who were in ancient times put to public penance and temporary excommunication on this day. In the church of St. John the Baptist there was a service in the morning at 11 o'clock, conducted by Rev. H. A. Marcon, of All Saint's church, Pense. In the evening a fair congregation assembled for the Lenten service of communion, or denouncing of God's anger and judgments against sinners. The Rev. H. A. Marcon also officiated at this service and delivered an earnest and appropriate sermon on the duty of obeying the Lenten call to repentance. The celebration of Holy Communion announced for Ash Wednesday morning had to be postponed on account of the Vicar's illness, but will be held on Sunday morning at 8.30.

A mission service will be held next Wednesday evening in the church of St. John the Baptist.

A blind pedlar, accompanied by a boy, is doing the town selling jewellery and numerous small wares.

Mr. R. W. Timmins is undergoing treatment at the Medicine Hat hospital for an affection of the throat.

Mr. G. M. Annable called a meeting of his creditors on the 20th inst., at which a compromise was effected.

Ten years was the sentence of Rev. J. M. Fitzgerald, at Rochester, N. Y. for arson, in setting fire to a school there.

Madam Sarah Bernhardt wears a thumb-ring, set in unique fashion, with the first little teeth of her son and her grandson.

Mr. O. B. Fysh left on Monday night for Winnipeg to attend the Grand Lodge of the Independent Order of Oddfellows.

On Saturday morning last Mrs. Jas. Brass returned from Brandon, where she had been confined to the hospital for a short time.

In the Methodist church, on Monday evening next, the Rev. Mr. Ferrier will deliver a lecture on "John Wesley and His Times."

Messrs. Taylor and Lee, of Grenfell, spent Monday last in town on their way to Medicine Hat. They were delegates to the Grand Council.

You may have a head for learning. Neighbors all may call you wise, But you cannot run a business, If you do not advertise.

The Grand Council of Royal Templars held their fourth annual session at Medicine Hat on Tuesday and Wednesday last. Lack of space prevents our publishing a report of same this issue.

Mr. Blaine arrived on Wednesday from Edmonton to buy wheat for Richie of the Edmonton Milling Co. He is offering 50 cents and is evidently a rustler. Yesterday, his first day, he bought 5000 bushels.

Assessor Annable is again on his rounds he says the Council are determined to have a very complete assessment this year and he expects to be able to report the population of the town, also the number of horses, cows, hogs and dogs.

In reporting the proceedings of the Town Council in our issue of Feb. 7th, a mistake was unintentionally made by stating that the exemption of taxes on church property was for 1896. It was for the past year, 1895, that the exemption was made in order to place all church property in town on an equal footing.

Miss Marion St. Clair, daughter of Lieut. Governor Mackintosh, was married at Ottawa on the 12th inst. to Alfred Louis Castellain, wholesale liquor merchant of Regina. The five younger sisters of the bride acted as bridesmaids. The bride's dress was of white brocade satin with a bodice of white duchess satin, veiled with chiffon.

The programme of the Literary Society to-night will include, in addition to vocal and instrumental music, readings and recitations, the following papers: My Experience of Farming, Jno. O. Thompson; Jas. Chalmers; The Venezuelan Question, from an American view, J. Green; The Venezuelan Question, from the British view, Seymour Green. The above questions will be open for discussion. The president will also submit a paper on the Great Tulip Craze, 1634 to 1637.

The Useful Poplar.
Russian scientific men have ascertained that out of 597 trees struck by lightning in the forests near Moscow 302 were white poplar. They advise farmers to plant poplars as natural lightning conductors.

Royal Templars.
Very little business was done on Tuesday night at the regular meeting of the above order. The Select Council and several members were at Medicine Hat attending the Grand Council. Mr. Colpitts filled the Select Chair, and after going through formal proceedings the meeting came to a close.

OYSTER SUPPER.

Single Men Prove Too Strong For Their Married Brethren, and Benedicts Pay For the Supper.

A large number of ladies and gentlemen watched the match last night between married and single men for an oyster supper. The following were the rinks competing:

NO. 1 ICE. SINGLES.
MARRIED. SINGLES.
Green S. McLeod, N. D.
Holt, R. Field, O.
Stevenson, J. Turnbull, Dr.
Bunnell, J. skip 12 Ferguson, H. skip 8

NO. 11 ICE. SINGLES.
MARRIED. SINGLES.
Kern, H. Fenwick, A. M.
McDonald, H. Field, O.
Rolls, J. McDonald, J. S.
Gass, C. skip 8 Milestone C. skip 12

The aggregate points were to decide contest. Owing to a tie two more ends were played which resulted in a victory for the single men. Up to this time the excitement was at fever heat, but when the last end was played off the applause was great. On south end Bunnell was laying shot and well guarded with three stones just over hog. Lang raised Turnbull's stone to face off shot, Bunnell filled up port. Ferguson with his first stone brushed off the guards. Bunnell failed to place good guard, and Ferguson by a beautiful shot "cracked an egg" on his own stone and left it on the button. Then Bunnell with his last stone drove both stones out and left Ferguson's played stone shot.

Meanwhile on the other ice the concluding end was watched with great interest. After five stones had been put, Field, who was zealously sweeping oaromed against a stone and sprawled on the ice, knocking every stone out of the house. This provoked much merriment and some minutes elapsed before play was resumed. It was found impossible to replace the stones and the end was started again. Milestone would have scored five had he succeeded in taking out one stone, as it was he won by a point.

The Prices Go!

For the next two weeks only can this Slaughter Sale last. We feel that we must reduce our large stock and clear out all winter goods before Stock Taking, and low prices are the mighty power we use to accomplish it.

The big reduction we are making in men's, boys' and children's clothing are snaps in a lifetime. Men's imported tweed suits at \$15, now \$10; men's Canadian tweed suits at \$7, \$8 and \$9, now \$5 and \$6; men's tweed and serge suits at \$5.50 and \$6, now \$4; children's imported tweed and worsted suits at \$5 and \$6, now \$4; children's serge and tweed suits at \$3 and \$4, now \$2.50; Children's serge and tweed suits at \$2.50 and \$3, now \$1.50 and \$2. All other lines in clothing cut in proportion.

Fur goods! All fur coats, caps, collars and gauntlets must be sold; so if you want a real bargain that no man can duplicate, you will only have to call on M. J. MacLeod.

We find in gloves, mits and moccasins we are over-stocked, hence tremendous reductions are made. Felt boots and slippers! We start men's celebrated, all felt, Dolge boots at \$2.50; only two dozen in all grades left. Men's felt Congress, leather sole, at \$1.50; Woman's felt Congress, leather sole, at \$1. All lines of women's felt slippers at marvelous reductions. Come to us and save money.
